At Golf Canada, we're always looking for ways to enhance your golfing experience and ensure fairness, accuracy, and consistency across the World Handicap System (WHS). To help you get the most accurate Handicap Index possible and make the most of your membership, hole-by-hole score posting is now required for all rounds, effective (Start Date).

Why will this change be beneficial to you?

1. **More Accurate Handicaps:** Hole-by-hole score posting ensures proper Net Double Bogey adjustments and a complete picture of your performance.
2. **Personalized Stats:** Access detailed data like pars, birdies, and fairways hit to track your game with #MyGolfYear.
3. **Track Progress:** Identify strengths and weaknesses to improve over time.
4. **Accountability:** Encourages honest and accurate reporting.
5. **Stronger WHS:** Contributes reliable data to improve the World Handicap System globally.

We encourage all Public Players to start using the hole-by-hole score posting method now in preparation for when it becomes mandatory. If you have any questions or need assistance with the process, please don't hesitate to reach out to your respective Provincial Association.

To learn how to post your scores hole-by-hole using the Golf Canada app or the Score Centre website online, click [here](#).

Golfers across Canada are moving toward this method to improve handicap accuracy and the overall player experience. We appreciate your participation and support as we transition together into this next phase of the World Handicap System.
